

## Commander's Sojourn March 30, 2019

### **MIT Museum – Herreshoff Legacy Lighter, Stronger, Faster**

Celebration of the spirit of innovation by examining the unparalleled impact on marine design and engineering by Nathanael Greene Herreshoff and the Herreshoff Manufacturing Company.

One of the MIT's earliest students, N. G. Herreshoff (MIT Class of 1870) set new standards in design and manufacturing, realizing remarkable influence and success over a 75-year career.

1000 - MIT Museum ,265 Massachusetts Avenue, Building N51, Cambridge, 02139
